

## Hefner Road Animal Hospital Puppy Vaccine Packages

The puppy vaccine set is a 3 or 4 series of vaccinations that will take care of the first vaccines that your puppy will need. We will check your puppy for intestinal parasites, which is very important because some types of parasites that your puppy or dog may acquire can be passed to people.

**Date\_\_\_\_\_ Age\_\_\_\_\_ weeks** -4 Series Plan: DHP-PV-CV, fecal to lab, wormer, monthly preventative and a physical exam.

**Date\_\_\_\_\_ Age\_\_\_\_\_ weeks** - 3 Series Plan: DHP-PV-CV-KC, fecal to lab, wormer, monthly preventative and exam.

**Date\_\_\_\_\_ Age\_\_\_\_\_ weeks** - DHLP-PV-CV-KC, stool check, monthly preventative and exam.

**Date\_\_\_\_\_ Age\_\_\_\_\_ weeks** - DHLP-PV-CV-Rabies monthly preventative and an exam.

The 4 series set is \$257.80 (a **\$200 savings over individual price.**)

The 3 series set is \$231.90 (a **\$140 savings over individual price.**)

Payment must be received in full on puppy's first visit. This is good for 6 months from the date signed. You are responsible to bring your puppy in for its vaccinations. We cannot be held responsible for refunding the cost of vaccinations that your puppy did not receive.

As with any vaccination package, you can receive a microchip for your pet for \$75.08 which includes the microchip and the Home Again registration fee.
